### Comments from the provider

I'm really pleased that Fairfield has again been rated Good by the Care Quality Commission. This was our first routine inspection in seven years, and it's reassuring to see inspectors take a full look across all five key areas – giving a balanced picture of the care we provide.

What they found is what we see every day: a home that feels like a family, where people are known, valued and supported to live life their way. The inspectors recognised the compassion of our staff and the strength of the leadership in the home – and that means a lot.

They also picked up on something we're proud of across WCS Care, our drive to keep learning. We never see "Good" as the finish line. Our team share ideas, challenge themselves and look for better ways to do things, because that's how we keep improving life for the people who live with us.

My thanks go to the whole team at Fairfield for their hard work, kindness and commitment.

Ed Russell, Chief Executive, WCS Care
