

Fairfield care home

Philip Rainsford

We understand the decision to give up your home and move into a care home is very hard.

If you're interested in living at Fairfield please:

Please share this with someone you know who you feel might want to live with us at some point in the future.

About us:

WCS Care is a registered charity. We're dedicated to providing care at a price which allows as many people as possible to access our care homes. This includes our commitment to socially funded care.

What's important to you?

At WCS Care we believe every day should be well lived.

This will mean something different to every person we care for and it's our job to understand what this looks like for you and help you to achieve it.

Caring and friendly

We know we're only as good as our last act of care.

It's our job to support our care workers so you experience smiling, friendly and kind staff who know how to support you, can spend time with you and go the extra mile to make your day.

Accredited employer

We're an accredited **Investors in People** employer, recognising our commitment to invest in, train and develop our staff by understanding that we all contribute and succeed in different ways.

Technology to support you

We use a range of technology to support your health and wellbeing, including circadian rhythm lighting, night-time acoustic listening and electronic care planning.

INVESTORS IN PEOPLE
We invest in people Platinum

A care home for adults, including people with mobility needs and dementia, with a self-contained care cottage, covered plaza and café.

Visit the launderette

Whilst we take care of all this, the facilities are arranged so you can get involved if you want to.

Go to the café

Choose a drink from the hot and cold options that are available. Sit in the plaza or on the café terrace.

Get involved with cooking

You've got your own household kitchen to do as little or as much as you like.

Visit the salon

Book an appointment to have your hair or nails done.

Community design

Fairfield is a care home where you'll be able to contribute as little, or as much, as you want to, and connect with other people in a homely resident-focused community.

Household design

There are four households at Fairfield, and the care cottage, each of which is designed and decorated in one of three lifestyles based on town, country and classical living.

Rooms are available with a range of facilities, alongside the shared kitchens, living areas, café and gardens.

Meet people

There's plenty to do, from spending time around the plaza, to the bike, outdoor chess and gym equipment.

Get out and about

Make use of the regular Memory Maker minibus outings to local attractions and places of interest.

Take part in activities

Chess? Gardening? Baking? Sport? Knitting? Dominoes? Poetry? What do you enjoy?

Personalise your room

Make your bedroom your own by decorating it with treasured pictures and ornaments.
